

The Servline Program was implemented July 1, 2017.  
The program automatically enrolled every account into the program.

Any customer can decline to participate in the Leak Protection Program by calling 865-245-1060. Any customer declining to participate in the program shall be documented. This customer will be responsible for the full amount of their bill with no adjustments being made.

This coverage only covers the water loss occurred during a covered leak event.

1. It is the customer's responsibility to keep his plumbing system in good working order.
2. No customer shall receive more than one leak adjustment during any twelve (12) month period. It is possible for a leak to cross over billing periods, so it is sometimes necessary to adjust two month's bills for one leak.
3. Leak adjustments are only made on underground leaks on the customer side of the meter.
4. Adjustments on water bills will NOT be made on the following:
  - a. Residential customers who do not have their own water meter.
  - b. Premises left or abandoned without reasonable care for the plumbing system.
  - c. Negligent acts such as leaving water running.
  - d. Excess water charges not directly resulting from a qualifying plumbing leak.
  - e. Filling of swimming pools or leaks in swimming pools; and
  - f. Watering of lawns or gardens.
  - g. Leaky faucets, commodes, water heaters or other internal plumbing repairs.
5. The UTILITY through our Servline Program shall not be obligated to make adjustments of any bills not submitted for adjustment within ninety (90) days from the billing date.
6. Customers must present proof that a leak has been repaired before an adjustment will be made. (i.e., copy of invoice for materials or bill from plumber)
7. In any case, where a customer might incur a leak before there is three months of average usage, an adjustment will not be made until they have established three months of average usage.

Customers may purchase optional water line and sewer line protection coverage from Servline by calling 865-245-1060. The monthly charge will be added to the monthly utility bill upon notification from Servline.
